

5 Fridays, November 8 through December 13 (no class 11/29)

Drumming is coming to Husky House! Instructor Mika Scott will lead children through weekly drumming instruction tailor-made to their age. Mika Scott will be familiar to children who joined us for Kindergarten Readiness Camp, where he brought us drumming instruction and met us at one of our field trips for a drumming circle. **When children play drums in a group, they are learning much more than just how to play an instrument. They are also learning:**

- Mathematics, by identifying and experiencing sequences of numbers.
- To cooperate and control their excitement.
- Exposure to music of other cultures.
- To concentrate while integrating structure and creativity.
- To express their feelings in a safe, positive way.
- To coordinate auditory, visual and kinesthetic information.
- A great way to have fun!
