

Husky Journal

www.huskyhouseforkids.org

Did you know that Husky House has been serving Happy Valley for over 30 years?!

We are grateful to all of our families who are returning to us this year and welcome all the new families using us for the first time. Our enrollment has returned to very close to our licensed capacity. We love it! Please come in for pick up and see how things have changed!

- ▶ Signing in and out happens through the Curacubby system. You are welcome to come in to our buildings to pick-up your children and see all we are up to.
- ▶ Following health recommendations for child care, we require masks indoors.
- ▶ As a play-based program, we understand that learning can sometimes be messy! Help your children dress in play-appropriate clothing.

Developmentally Appropriate Approach:

While we know that every child is unique and has their own needs, children typically fall into different stages of development based on their age. We have divided our focus in order to design our curriculum to support their special developmental needs.

HUSKY PUPS

TK and Kindergarteners have specific teachers who are experienced in early child development and provide an active-learning, center-based curriculum.

focus on:
**self-management,
citizenship**

HUSKIES

Our teachers provide a wide variety of activities to help 1st through 3rd graders transition from early to middle childhood, explore the world around them and form their identity.

focus on:
**self-awareness,
empathy &
relationship skills.**

TOP DOGS

In addition to what we offer for the Huskies, our 4th grade and older attendees are given privileges such as being youth mentors to our Pups, special activities and clubs that develop life skills.

focus on: **agency,
responsible decision
making &
social-awareness**

IMPORTANT DATES
